### LAST MEETING:

Bonnie Orintas, Chair of the Litter Control and Beautification Commission City of Waterbury, said they were trying to change the image of our community by encouraging "Adopt a Spot". This program has interested persons taking a blighted spot and making improvements such as cleaning it up and planting flowers. She listed several sites around the city that have been adopted. Community Court has provided labor assistance to help with the clean up. Many of the bulk items that are dumped in Waterbury come from out of town. There is a summer program that features pictures and awards and a dinner. Five hundred thirty five (535) people helped with the clean up on Earth Day.
