TODAY'S MEETING

Fabulous Prizes - Suzie Light

Tracie Hudson introduced Susie Light who acted as the Master of Ceremonies again this year for the distribution of the Rose Project - Fabulous Prizes

Fabulous prizes were donated by several members and organizations.

On behalf of the Rose Committee Bob Smith thanked everyone that participated in the buying, selling, and distribution of Roses this year.

Susie Light thanked Rick Helm for being the number one salesman again this year.

A '**Big Thank You**' to Susie Light, for a great job organizing this year's collection of treasures and taking charge of proceeding over the drawing and distribution of the fabulous prizes.

MEETING NOTES FOR - *April 1, 2010* *This is the 91th day of the year, there are 274 days remaining in 2010*

4/30/2004 - Nancy Amundgaard

Hello Warsaw Kiwanians,

We have about half of the volunteers needed to make our pancake and egg breakfast run smoothly. Please log in to the Kiwanis One site <http://www.warsawkiwanis.net/> and click in the events area on left to get to the pancake and egg event to sign up to volunteer.

Don't forget to sell, sell , sell all the tickets you can. We will have posters to hand out to help you sell tickets. Please look for a stack of posters at that the next meeting and take what you need to spread the word.

Thanks for all your support for this great event!

Regards,
Pancake Committee
Greg Cloutier
Jason Ellis
Scott Fox
Larry Peppel

Trivia

Did You Know ...

If you yelled for 8 years, 7 months and 6 days you would have produced enough sound energy to heat one cup of coffee. *(Hardly seems worth it.)*

The human heart creates enough pressure when it pumps out to the body to squirt blood 30 feet. *(I wonder who was paid to figure that out?)*

The catfish has over 27,000 taste buds. *(What could be so tasty on the bottom of a pond?)*

Fish that live more than 800 meters below the ocean surface don't have eyes. *(Eeewwwww)*

The strongest muscle in the body is the tongue. *(HmMMMMM.....)*

Everyone has a unique tongue print, just like their fingers!

Right-handed people live, on average, nine years longer than left-handed people. *(If you're ambidextrous, do you split the difference?)*

"Stewardesses" is the longest word typed with only the left hand.

Polar bears are left-handed. *(If they switch, they'll live a lot longer.)*

Humans and dolphins are the only species that have sex for pleasure. *(OK, so that would be a good thing.....)*

Dolphins sleep with one eye open.

Banging your head against a wall uses 150 calories an hour. *(Do not try this at home. Maybe at work.)*

Intelligent people have more zinc and copper in their hair. *(Is there a new shampoo on the market?)*

If the government has no knowledge of aliens, then why does Title 14, Section 1211 of the Code of Federal Regulations, implemented on July 16, 1969, make it illegal for U.S. citizens to have any contact with extraterrestrials or their vehicles?

There is a city called 'Rome' on every continent (so much for uniqueness, huh?).

Coca Cola would be green if the company did not add coloring! *(Sounds very appealing, doesn't it?)*

Q is the only letter in the alphabet that does not appear in the name of any of the United States.

Guinness Book Of Records holds the record for being the book most stolen from Public Libraries.

Matches were invented AFTER cigarette lighters! *(Either we got dumb or we were just too smart!)*

A dentist invented the electric chair! *(I knew there was a reason behind me being scared of them...)*

In ancient Greece, throwing an apple to a girl was a way to propose for marriage.. If the girl caught it, that would mean she accepts. *(So don't go throwing any apples unless you really mean it)*

Hope you liked it 😊

PS - I dont know if all this is actually true, but I found it very amusing

INTERCLUB ACTIVITIES to REPORT

Members Attending:

3/26 **Milford** **Lee Hartle**
Larry Peppel
Cindy Cates

3/30 **Wabash** **Lee Hartle**
